Other items:

1. Colonel Edwards reported briefly on the work of the committee for the 10th anniversary celebration. Among other things, they are considering getting a large hall, perhaps Constitution Hall and assembling Agency personnel by component groups for a series of meetings with the DCI. It seems definitely decided that certificates will be awarded to all people with ten years' service in the Agency; and, that the President will be asked to lay the cornerstone of the new building. It has been suggested, too, that the DCI have a large reception ~~to~~ which most of the dignitaries around town will be asked.

2. I was asked a good many questions about the Management Program for Federal Executives to be held at the University of Chicago this summer. Colonel White asked all offices to take an active interest in this Program and stated that he personally ^{has} nominated one person for each session.
